Dear Members of Congress,

We write today to urge your support for H.R. 5651, the Adoption Information Act, proposed by your colleague Rep. Rob Wittman.

Our organization represents the consensus of America's Rabbis, who, contrary to loud voices you may hear in the media, overwhelmingly favor our traditional views and values.

The Adoption Information Act should not be controversial or tied to the debate regarding abortion itself. It merely informs those seeking family planning services that adoption centers are available should a woman choose to carry her baby to term. As there are more parents seeking infant adoption than infants waiting to be adopted, requiring that women be notified merely increases the likelihood of a win/win/win result for all three parties involved.

Again, we urge your support for this resolution.

Yours Sincerely,

A handwritten signature in black ink that reads "Yaakov Menken".
