The Palestinians Must Be Defunded in the Appropriations Process

Dear Members of Congress:

We the undersigned demand the immediate and complete defunding of the Palestinians via the appropriations process underway this fiscal year. In light of the heinous war against Israel started by Hamas and supported by other Palestinian elements in the region, not one American taxpayer dollar should flow to or underwrite any Palestinian entity or person, whether government or non-government, whether direct or indirect, and whether military, political, or civilian.

The language in the relevant appropriations legislation, including continuing resolutions, composite appropriations bills, and individual appropriations bills, must be clear, very specific, comprehensive, and not able to be circumvented by unscrupulous bureaucrats.

We stand ready to assist you in any way to accomplish these objectives above. Thank you.

Most sincerely,

Paul Teller
